

## **Adobe Illustrator Course – Introductory**

Course Outline

Duration: Timing: 10 Days. 1 Hour a day.

Day 01:  Introduction to Adobe Illustrator.  The Interface and Basic Navigation. Common uses of Adobe Illustrator.  Basic Drawing Tools. Create Rectangles, Ellipses, and Lines & Adjust Colors and Sizes. Pen Tool Basics and Selection Tools. Select, Move, and Transform objects.  Day 03:  Color Theory Basics. RGB and CMYK. Tools and Options related to Colors.  Day 04: Text and Typography. Creating and Modifying Text. Introduction to Text and Typographic Tools, Panels, and Effects.  Day 05: Understanding Layers and Organizing. Grouping, Arranging, Locking and Hiding Layers.  Day 06: Advance Drawing Techniques. Advanced Techniques like creating Smooth Curves and Manipulating Anchor Points. Pathfinder and Shape Builder Tool.  Day 07: Working with Images. Importing, Tracing, Adjusting Images. Clipping Mask.  Day 08: Effects and Appearance. Applying Effects, Appearance Panel, and Graphic Styles.  Day 09: Exporting files in different formats. Document and Print Setup. Export for Web.  Day 10:  Assessment Test.		
Common uses of Adobe Illustrator.  Day 02:     Basic Drawing Tools.     Create Rectangles, Ellipses, and Lines & Adjust Colors and Sizes.     Pen Tool Basics and Selection Tools.     Select, Move, and Transform objects.  Day 03:     Color Theory Basics.     RGB and CMYK.     Tools and Options related to Colors.  Day 04:     Text and Typography.     Creating and Modifying Text.     Introduction to Text and Typographic Tools, Panels, and Effects.  Day 05:     Ounderstanding Layers and Organizing.     Grouping, Arranging, Locking and Hiding Layers.  Day 06:     Advance Drawing Techniques.     Advanced Techniques like creating Smooth Curves and Manipulating Anchor Points.     Pathfinder and Shape Builder Tool.  Day 07:     Working with Images.     Importing, Tracing, Adjusting Images.     Clipping Mask.  Day 08:     Effects and Appearance.     Applying Effects, Appearance Panel, and Graphic Styles.  Day 09:     Preparing for Print and Web.     Exporting files in different formats.     Document and Print Setup.     Export for Web.	Day 01:
